Club News

We are off to a great start this year. Most leadership positions are filled. [Bill Caldwell](#) and his committee already have a nice array of programs lined up – turn to the Program Schedule to check these out starting with [Joel Rind](#) this Thursday night. As a great aside the APS Show in Atlanta is an invitation not to be missed. More on this on p3 and at the meeting this week...

The library cataloging is going well. That, too, you will learn about at February meeting.

A NOTE FROM YOUR EDITOR

You are getting this newsletter because part of it – like the SOTM – was written before knee replacement surgery on January 21. I am home now and Nancy is helping insure the presses keep rolling by printing and assembling.... Please excuse the shorter than usual Club News and other features. I look forward to seeing you all for Joel's address this Thursday and, if determination plays a factor, at the APS Show in Atlanta.
