February Meeting

Our February meeting opened with a moment of silence for Gordon Brick. David Hill and Roy Brown had seen to it that the club sent flowers for the funeral and paid for it themselves. It was moved and passed that the club reimburse them \$50.00.

There were several announcements to the membership. Dave Hill won a gold at Alapex for his Akron exhibit. Maybe we can get Dave to give a presentation on that exhibit at a meeting soon. Also announced was the next joint meeting to be held at the Atlanta club on the first Thursday in May (May 5th). Joint meetings are the most interesting of all the club meetings and it shows by the attendance. You will also see more and varied lots in the auction after the meeting. There will be more details and a map in the April newsletter. Mark Heffernan announced that he is thinking of archiving newsletters from the clubs in the Atlanta area and also thinking of writing a book on the history of Atlanta stamp clubs. His feedback is favorable so far. It sounds like he has quite a large task ahead of him.

Mark then gave a little talk on the do's and don'ts of attending a show the size of the APS Winter Show. Going by his pointers could make your visit to the show more enjoyable and your time better spent than aimless wandering through the show.

After all that we had a small auction. Several lots brought quite a bit of interest. Others some interest or none at all.
